Camosun Scanning Project

2020

The project is to supplement the Camosuns done by UVIC from 1906-1945 and stored at:

https://archive.org/details/camosun?sort=-date

Alumni Members (1969) of the project

The Victoria High School Alumni Association is indebted to the generous alumni who spent hundreds of volunteer hours scanning Vic High Camosuns so they can be more easily searched by the dedicated Alumni volunteers who manage the school's historic archive collections. The Vic High Spirit is alive and well and always will be.

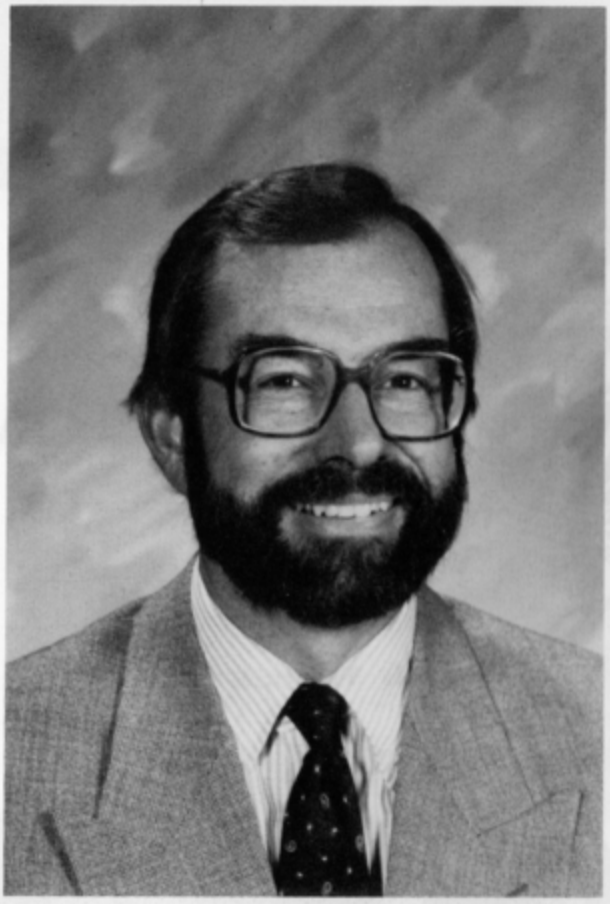
A VERY SPCIAL PLACE

SPECIAL THOUGHTS...

SPECIAL MEMORIES



I have spent some time during the year going back through past Camosuns and reading the messages of my predecessors. Almost universally, past principals of Vic High have thanked the yearbook staff for an exceptional annual; this year will be no different. Thank you Mr. Steffanick, Mr. Twohig and students for a valued record of time.

My predecessors also invoked the work ethic, words of famous men and women, and the contributions of staff and students to an eventful and successful school year. So, nothing changes all that much, does it?

This year sees a major change and I wish to express my thanks and admiration to one graduate, Mr. Bernard McHugh. While all of you graduate he does as well, to " retirement. " Bernard has been teaching students at Vic High for the past 19 years, and before that for many years in England. Bernard is the embodiment of pure excellence in that he is a kind and judicious scholar who has touched, and made a postive difference in, the lives of thousands of learners. I fortunately count myself as one of them.

If you members of the class of 1993 can accomplish one quarter of what Bernard McHugh has in his working life, you will be truly successful graduates of Vic High.

Every effort was made on behalf of the yearbook staff to guarantee the accuracy of the annual, however, some students chose not to be photographed for the school or for grad. Many names came to us inaccurately and we apologize for any mistakes made in the spelling of names.

At the end of a career in education which has included work in England, Hawaii, and Canada, in public and independent schools, in boarding and day school, in teaching and administration, Victoria High School has been an enriching school community in which to finish. What have I valued most about Vic. High? The adult attitude of students and the professional attitude of staff spring immediately to mind. What has been enjoyable in a carrer in education? Amoung the most important are the changing attitudes of students and staff that one meets each day. In addition, the highlights in a career in education are not only the joy of meeting bright, intelligent people, (that is a marvellous reward!), but the fun of meeting changing personalities, and the chance to give people a positive attitude about themselves and about life.

The Pre-Employment Program

To Our School,

The students in this program are offered a wide variety of activities, from Experience in Cafeteria Preparation to Work Experience. The students gain an awareness of their potential in the working world. They develop confident and positive attitudes which lead to success in employment and future education. The students also gain relevant and practical experience to complement class work. Of course there are days when field trips and class fun are planned, which everyone looks forward to. Every student works at their own pace, and also work together to help one another in everyday challenges.

We would like to thank our teachers for all their caring and hard work.

From the Students of the Pre-Employment Program.

Wayne Thomas: After grad Wayne plans to continue his native art work in both wood and silver. Wayne wishes to travel to Austrailia, the British Isles and other parts of the world. We wish you luck Wayne!

Charles Shaughnessy: Charles enjoys high fashions, expensive cologne and setting new trends. He is the Hugh Hefner of Vic High, style, ambition and class. His favorite sport is soccer(nobody will go near him whenever he kicks the ball). Best of luck to the playboy.

Kuan Oake: Kuan plans to spend most of her time after grad perfecting her writing in order to become a female version of Stephen King. We wish this "mistress of the dark" all the success.

Mike Dyrberg: Mike enjoys fast cars, easy classes and good smokes. Mike's goal for the future is still unknown, maybe a rap star, you never know these things.

Judy Chow: Judy is one of the smartest students in the Pre-Employment Program with many doors of oppurtunity open to her. Judy is our silent dragon, mystified by her secrecy, awed by her wisdom and prized for her beauty.

Grant Hewit: Grant has no voice, but as they say "Actions speak louder than words". Grant can be funny, serious and sad just by using sign language. Grant has many friends in the PEP program that do not need him to speak in order to be listened to.

William Wolbaum: If life was a highway, then William would be breaking the speed limit. William is the type of guy to crash through a girl's house, through the shower. getting wet, through the bedroom, rubberburn his phone number into the carpet, out the other wall, sticking his head out the car window to blow dry his hair managing to get a new do.

James Shaw: After grad James wishes to move somewhere in England, supporting himself by way of his 3 trades Construction, Tow Truck and production studios. James wishes to continue his writing career of short stories, poetry and non-fiction.

Peer Helpers

Each year the peer helpers are involved in various activites in the school and the community under the direction of Mrs. Neumann. Students develop communiction and organizational skills in a self directed, locally developed course.

The program is structured into three strands:

1. Peer Counselling
2. Peer Tutors
3. Leadership

Each strand has the following options

Skill Development

-interviewing new students
-student orientation and tours
-workshops improving skill and awareness of social issues
organizing events and time managment

School Activites

- assisting in organizing various sports events
- participation in organizing student council activities
grad committee
presenting workshops on social issues
- designing bulletin boards
- organizing parents' night

Community Projects

- helping with programs of interest in local community centers
-elementary volleyball tournaments
- christmas hampers
- assisting with peer helping programs and other activites in elementary schools

The student selects one strand of the program and completes 100 hours of projects that reflect their personal interrests. Projects often overlap within the three strands of the program. The peer helpers particpate in self directed activites. This approch to education is aimed towards the year 2000 program that was initiated by the Ministry of Education.

OCEAN TREASURES

I walked on the warm sand at the waters edge,
The waves rolled over my feet.
My bandages from yesterdays injuries floated away.

In a tidal pool teaming with life,
I found a treasure,
Sea Gulls cried overhead seeking their next meal.

I sat on the rocks,
The birds cries mingled with the steady heart beat of the ocean,
I remember feelings lost and memories forgotten.

I share my dreams with the waves and the blue sky.
The ocean has something belonging to me.
The cooling breeze tells me I have been dreaming too long.

I take my treasure as a memory of what I have found with the ocean.
I head for home,
Alone.

SKY CLUB

The Sky Club meets every Wednesday afterschool to go and meet with the elderly residents of Kuwanis Village.

The Sky Club members say that it's a great place to meet friends, share their feelings, thoughts, and emotions. It gives them confidence in talking to others, and they hear great stories of the past.

The Sky Club feels it is a very rewarding experience because the residents feel younger once they've talked to a youth and the youth feels happy to know they've made a person happy.

THE WIZARD

By Lorelei Thomas

I am the Whizard of fantasy, come dream with me on an island, far out to sea.The sand so golden, the water so blue, on my island of dreams you've nothing tofear. Come with me to my stars in space let them shine on your beautiful face, let me take you to a place you've never been before you;re dreams.

I must come, give me the key to the door.
gaze at the sea below, or sit on the warm grass, and

We can float on a cloud watch the roses grow. Any wish you have trust in my hand. Any tender thought, share with me I'll understand.
I had a dream of you last night in a flowing gown, that fitted just right. You wispered softly, and said to me, open your heart, let me touch you tenderly, I dreamt of our hands, reaching out for each other and when they touched I knew there was no other. The warmth that you gave, from deep inside made me stand like a King filled with pride. I am the Wizard of dreams, I am your smile your tears,you be strong my love, to share a kiss that tingles from head to toe to share a hug, that is real you know to shed a tear that is gently wiped away in it's place a smile, forever will stay.....

Christmas at Vic High

Christmas is a special time for students at Victoria High school. It's a time when Vic High can show its caring side to the community and others. Christmas hampers and the decoration of the are part of Vic High's sympathetic side.

The peer helpers of Vic high distributed Christmas hampers among each classroom and that class was then assigned its hamper for a single family. For several weeks everone at Vic High brought food items according to the needs of that family. Once the hampers were full, they were collected and distributed to the families several days before Christmas so that each family would not go without on Christmas.

The pine tree located in the front foyer is decorated every Christmas by various groups around the school, such as the peer counsellors, the student council, and anyone else willing to participate.

SPECIAL THOUGHTS...

Although Vic-High is not exactly known for it's sports teams we have come a long way in making a name for ourselfs. Our teams include boy's and girls basketball, rugby, girls field-hockey, badminton, boy's and girls volleyball, boy's and girls soccer, track and field, cross-country, and bowling. To our students the books seem just as important as the sports, but that doesn't hold some students back from dedicating themselfs to our athletics.

TIKIS VOLLEYBALL

The girls volleyball team had a very successful season this year. The team showed tremendous teamwork and spirit and as a result they placed fourth in the Lower Islands qualifying them for the island championships where they placed eighth.

In addition to the tough practises and the hard play during league and tournament games the team still had time to have funn with such things as costume contests and pizza parties.

Special thanks go to coach Blackstock and to all the players for their dedication. Good luck next year!

Team Members: Angie Croucher, Christine Corrigan,
Annette Benjamin, Tricia Booth, Cora White,
Sarah Doherty, Samantha Robbins, Sharron Tang.
Coach: Donna Blackstock.

TIGERS BASKETBALL

AS A SPECTATOR, I THINK THAT THE GIRLS HAD A GOOD SEASON. THERE WERE MANY UPS AND DOWNS, FROM TRICIAS NOSE BLEEDS, TO CRAZY PILLOW FIGHTS ON TRIPS. THE MOST IMPORTANT THING WAS THEY HAD GREAT FUN. IT WAS A ROUGH SEASON, ALLTHOUGH THEY LOSE ANGIE CROUCHER BECAUSE SHE IS A GRADUATE, ALL THE OTHER PLAYERS WERE ROOKIES. THAT MEANS WITH THE EXPERIENCE THEY GAINED, AND THE PLAYERS FROM THE JUNIOR HIGHS AROUND THE CITY, THEY ARE BOUND TO BE SUCCESSFUL IN THE FORTHE NEXT FEW YEARS. I THINK THAT TIGER BASKETBALL WILL TAKE A BIG STEP NEXT YEAR. A SPECIAL THANKS TO MS. B FOR HER EFFORTS AND TIME SHE PUT IN.

This year's Field Hockey team was mainly Grade 11's. Although we did not get a berth to the B.C.'s we challenged Mt. Doug and lost by 2. We will not forget the muffins on the way to Mill Bay and the pouring rain and muddy fields that we all had a chance to slip and slide in. Special thanks to Mr. Murphy for taking the time to drive us wonderful girls to the Island. And to Mrs. Broome for being a great coach. To the team next year good luck and have fun.

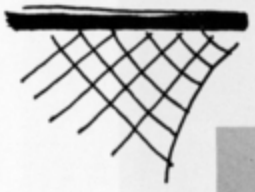
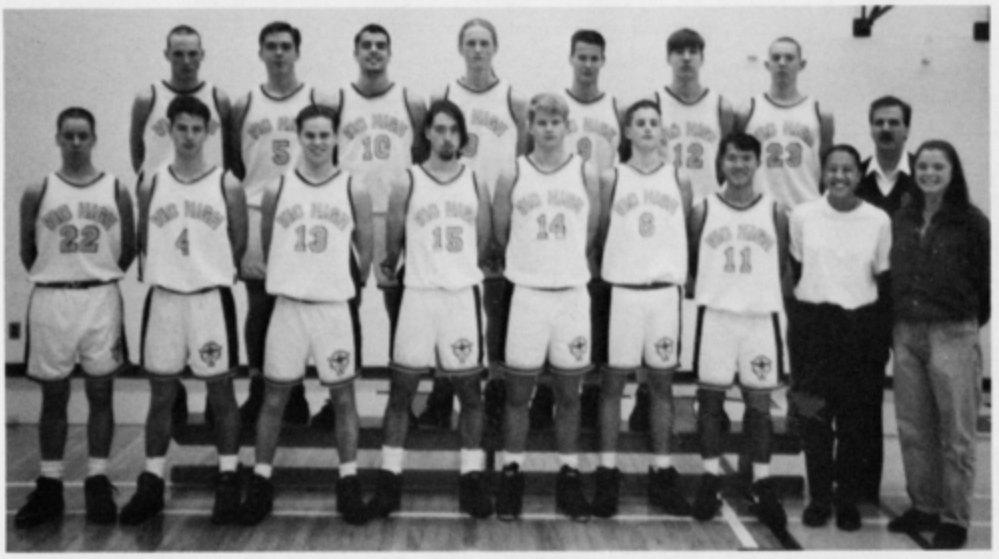
TOTEMS





SPECIAL MEMORIES...

This years Totems consisted of many different shapes(Tommy), sizes(Kieron), and egoes(to many to mention). With this chemistry, the Totems pulled off one of the most memorable seasons ever(toothpaste). With the Totems fighting attitude(Robron) and fierce play(Chris) they were able to soar(Adam) over their competition(Oak Bay). Not including the few teams that did beat them. The few teams that did beat them only managed to do so by five points or less. When the Totems played Belmont and Spectrum they only lost by one point.

The highlight of the year was finishing second in our own Centenial tournament. This is where Jeff Carson recieved first team all-star(S.V.T.).
Other memorable moments included finishing fourth in the Burnaby tournament, and the foul odours of the Totem bus(Mark, Tom, and Dylan)

The 92/93 Totems consisted of these fearless few; Adam Barron(any phone number he wanted in Burnaby), Jeff Carson(Mr.T don't kick the ball), Dylan Lesperance(late night bathroom trips in Courtney), Joel Krich(where's number seven from Robron?), Kevin Vanderhorst(I didn't foul him), Tom Dunn(Mr. Lanky or doobie), Trevor Jewer(oooooh number four I want you!), Chris Adams(accident prone), Eli Michielin(Fiorenzo the Italian stallion, nice hair), Derek Noyce(Colgate kid), Kiet Ngyuen(D.N.P. due to injury), Kieron Hogg(hmmm when someone says to shave your head, don't do it! Pit). These were the Vic-High Totems, what more could be said?

Special thanks to Mr.C for a great season, (See you when we are all 19). And a special thanks to Josie, and Christine for putting up with us for a long season.

TSASQUATCHES

The highlight of the year for the team was the Nanaimo trip where the team finished 8th. place out of sixteen teams. Finishing 4th. in the city earned them a spot in the Island tournament, where they finished 8th. Thanks to the coaches and players for a great season!

Once again the Vic High Badminton team had what would be considered a very successful season. Throughout the season there were many exciting matches and the team got better and better with each match.

Vic High came 4th in league play and 4th in the Lower Island Championships!

The highlight for Mr. Girard was working with twelve great players, and twelve tremendous people over the period of four months. We had many laughs and even more competitive matches against one another during practices, all in all well done team.

TYETTES SOCCER

SPECIAL THOUGHTS...

This years soccer team had a mixture of talent. With six returning players and the new grade elevens, the Tyettes hope to go far in their regular season. They were easy to spot in their florescent uniforms and huge smiles. Thank-you to Kieth Todd and Miss Blackstock for taking such good care of us. Best of luck to next years team.

SPECIAL THOUGHTS...

NEARING THE END OF A GREAT CAREER!

At the end of the present school year, Mr. Nesmith will have completed thirty-four years as a teacher, and sadly next year will be his final year. 1993/94 will mark the conclusion of a long and extremely satisfying career, one which has taken him through schools in Vancouver, Roseland, and Victoria. An inspiring thought, he maintains that it is the students who have kept him excited and dedicated to teaching, with their new ideas, their thoughts, and their curiosities.

Other members of the teaching faculty are very willing to praise his expertise as an educator. For Mr. Nesmith the study and teaching of History isn't just his profession, but is a personal interest as well. This becomes especially apparent upon attending one of his courses. Following retirement, I'm sure Mr. Nesmith will not only be remembered for being a fabulous teacher in the areas of History, Social Studies and Law, but also for being a highly qualified candidate for Jeopardy.

WELCOME TO VIC HIGH!

At the end of every school year a chapter in our life ends and a new one begins. As graduates, we are not only at the end of one of our grandest chapters, but at the end of an entire volume. With what we are taught over our years of schooling we are set adrift in a world where we will spend the rest of our lives learning. Here we begin a new story. What we have come to know at the end of each chapter to follow depends not on those who have authority over us, but on what we choose to know as we take responsibilty for ourselves.

"We shall not cease from exploration
And the end of all our exploring
Will be to arrive where we started
And know the place for the first time."

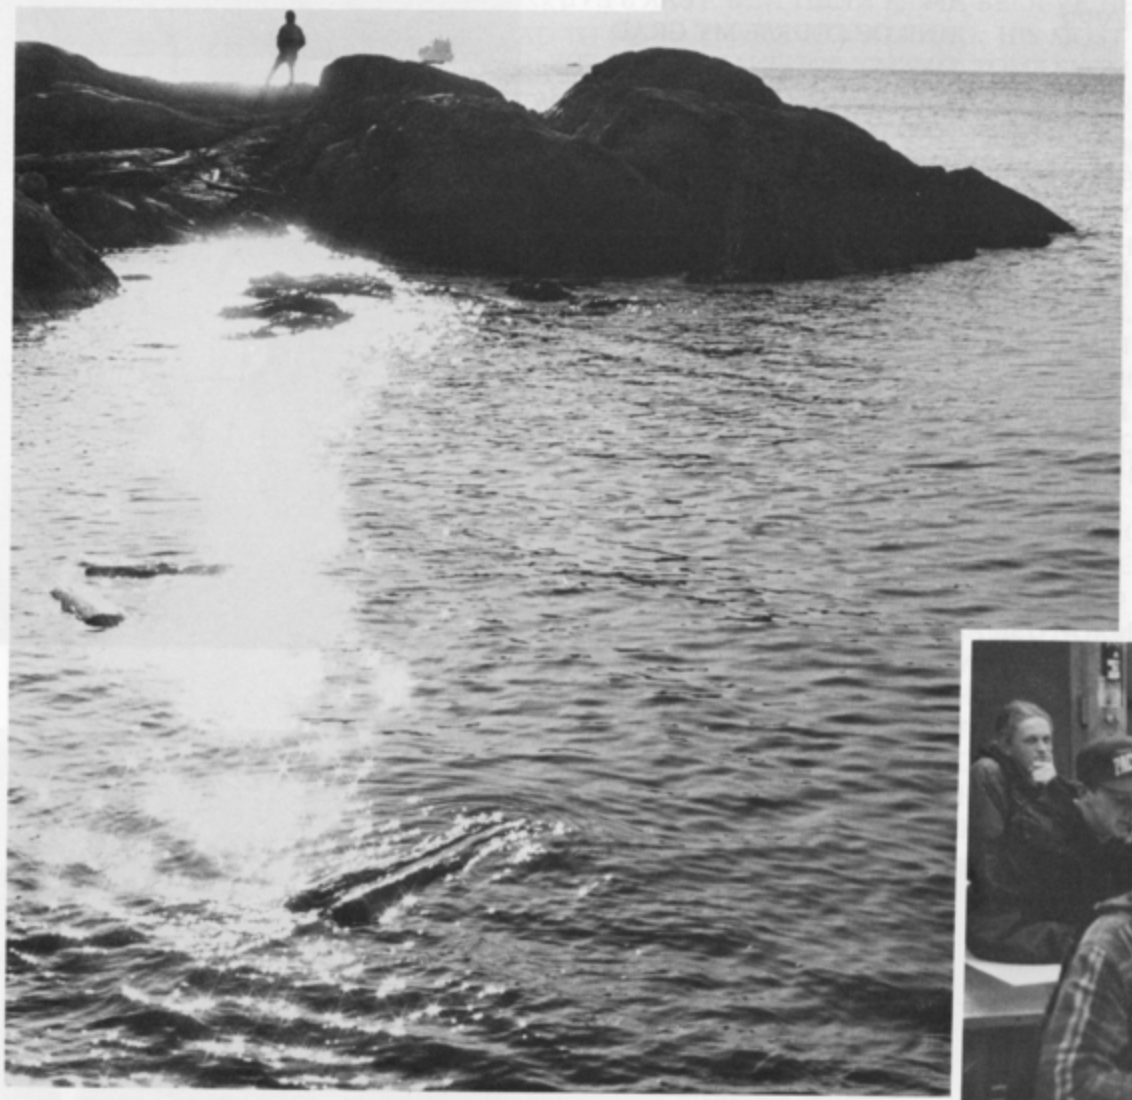
SPECIAL MEMORIES...

One night I had a dream
I dreamed I was walking along the beach
with the Lord and
Across the sky flashed scenes of my life.
For each scene I noticed two sets of
footprints in the sand.
One belonged to me and the other to the Lord.
When the last scene of my life flashed before me,
I looked back at the footprints in the sand.
I noticed that many times along the
path of my life.
"Lord, you said that once I decided
to follow you,
You would walk with me all the way.
But I have noticed that during the most
troublesome times in my life,
There is only one set of footprints.
I don't understand why in times when I
needed You the most, You would leave me."
The Lord replied, "My most precious child,
I love you and I would never, never leave you
during your times of trial and suffering.
When you saw only one set of footprints,
It was then that I carried you."



Sam page. age 17, was taken from us suddenly on March 15th, 1993 during a camping trip to the Sooke river. He was born in Tronto , Ontario but spent most of his life here in Victoria with his family and many friends. Sam had attended Sir James Douglas Elementary , Central Junior High and was currently attending Victoria High School. His early love of sports, baseball, soccer, and track were replaced by his mountain bike, camping and his sketch pads. Although Sam may not be with us in a tangible form, he will never be far from us in our thoughts and memories. Sam was always happy and always made others around him happy too.

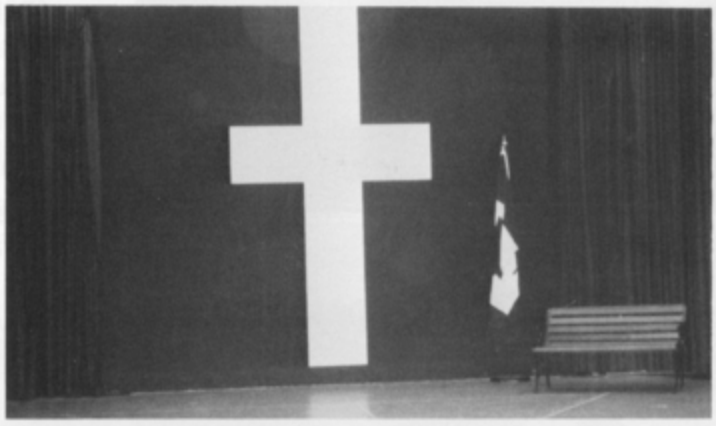
SPECIAL THOUGHTS...



THE WATER VOYAGE

The waves gently rock my boat in the dead of early morning, but I am unable to see them. I can't see anything, staring blindly up at the sky, the first rays of morning light cutting through the darkness that shrouds me.

I'm lying in the bottom of a cheap canoe, which lolls and rocks from side to side, almost sickeningly. It's chilly out, the kind of chill that even makes your bones cold if you're stupid enogh to be outside this early, but I can't feel it, even as one of my pale hands drifts along in the almost still water.

Suddenly a flock of birds cry out balefully, possibly from a sudden threat. I can't seem to put into perspective their distance, but I know they are on the lake with me. Suddenly I feel angry that there is someone else out here, scaring my birds away. The birds and I have shared the night on the lake together, they are my witnesses. Now there is an unknown entity invading our time. I want to call out to the birds, telling them that it's okay, not to be scared. I know what it's like to be scared. But as I call my throat to call them , I realize I can't speak, and now my mouth has an unpleasant, coppery taste.

I wish someone would find me now. At first I thought it would be romantic to float forever on the lake, but it's really rather tedious. It seems like I've been out here so long, so very long...

I watched out of the corner of my eye as she thoughtfully chewed on the end of her pen. She was staring absently out the window and although I tried, I was unable to see what she was watching. I shifted my weight and peered at the faded pencil marks on my desk. A slight sound caused me to look up, my gaze automatically going to her face. She tossed her hair over her shoulder, and, feeling my stare, she turned her head slightly and smiled at me. The smile lit up her face, making her eyes seem brighter. I immediately looked down again, almost embaressed. I wished I could think of something to say, to make her see me as someone other than just that guy in the back of her science class. I wanted to tell her that I loved her, but I knew she could never understand.

A tear or sweat trickled down the side of my face. It slid to the corner of my dry lips. I licked away its existance before anyone noticed. I walked down the hallway. My feet echoed over all other noises. My heart pounded loudly in my chest, asif it were trying to escape. I tried to ignore the quick-tying knots in my upset stomach. My skin went hot. He crossed to his locker. I stood behind him and rehersed my planned lines. Suddenly, he whipped around and stared me in the face.His eyes seemed to laugh at my panic, obviously overwhelming. I looked at the floor to avoid his piercing eyes. I couldn't breath let alone remember my lines. I gazed up at him and opened my parched mouth, "Nice shoes...". I could say no more except a multitudeof throat-clearing gurgles. I desperately searched for an escape. I decided to take the easy exit. I smiled a nervous smile and walked away. I could feel his confused stare follow me down the corridor.
